**Woodstock Chimes® Expands Gift Selection in Time for Mother's Day**

*Products combine eye-catching designs, harmonious sounds and affordable pricing*

(Shokan, N.Y.) -- Woodstock Chimes®, a leading manufacturer of precision-tuned windchimes, is delighted to introduce four new pieces to its expansive list of product offerings. Each of the latest products, which include eco-friendly chimes, are perfect gift-giving pieces for Mother's Day and throughout the warm weather months. The four new chimes are from the company's *Asli Arts by Woodstock Chimes Collection* and the *Woodstock Reflections Series*, all of which debuted during the recent winter markets and retail between \$25-\$30.

"We have found that chimes make an exceptional Mother's Day gift," says Garry Kvistad, owner and CEO of Woodstock Chimes. "The sounds of windchimes, coupled with the warm weather months, make us appreciate the time we can spend outdoors again."

Three of the chimes, *Grapes Capiz Chime*, *Autumn Leaves Capiz Chime* and *Hummingbird Ring Chime*, are all part of the *Asli Arts by Woodstock Chimes Collection*. The eco-friendly Collection features products handcrafted from bamboo and other natural and renewable resources. The *Grapes Capiz* and *Autumn Leaves Capiz Chimes* feature colorful, Indonesian-farmed capiz shells. The shells are carefully sorted, dried, sliced, shaped, sanded and dyed, and then strung together with strong, invisible, nylon cord. All by talented Balinese artisans.

The *Hummingbird Ring Chime* is crafted from bamboo, one of the most sustainable products, which gives the chime a mellow, musical, and enchanting sound unlike any other. The chime, which is made with pride by craftsman in Bali, features 3 bamboo tubes, a colorful hand-painted hummingbird 'flying' inside its rattan ring and details created from non-endangered wood. In addition, each chime is hand-tuned by professional musicians. By hand-tuning each tube and selecting a range of sizes, each chime produces a unique melody of tones.

Woodstock Chimes also continues to introduce products from its new *Woodstock Reflections Series*. These products are designed for individuals searching to inspire others or themselves, or for those wanting to spend time in meditation or quiet contemplation. The *Reflections Series* features the new *Gazing Ball Chime*, which increases the beauty of any landscape by reflecting one's surrounding environment and enriches the air with its melodic sound. The chime features five precision-tuned silver anodized aluminum tubes, a silver stainless steel gazing ball, classic black accents and is available in two lengths, 40.5" and 19".

**About Woodstock Chimes:** Woodstock Chimes is a leading manufacturer of precision-tuned windchimes, award-winning musical instruments and soothing home and garden décor. Grammy® recipient Garry Kvistad and his wife, Diane, created their first product over 30 years ago in New York's Hudson Valley, where the company continues to design gifts and accessories using superior materials found around the world. The result is a unique collection of over 200 different products that bring joyful sounds to people of all ages. Popular collections include: Asli Arts, Precious Stones, Woodstock Gongs, Inspirational Chimes, Temple Bells and, of course, its Classic Chimes. For more information on Woodstock Chimes, visit [www.chimes.com](http://www.chimes.com) or call (800) 422-4463.
