Woodstock Chimes, a worldwide leader in the manufacture of precision-tuned wind chimes and premium musical gifts, introduces a new collection that features natural Capiz shells as its primary design element. Capiz are pearl oysters with translucent shells that are harvested by Filipino crafters, and then soaked, softened, molded by hand and individually painted to create beautiful finished pieces. *Woodstock Capiz Chimes* are available in three distinct styles: *Spring Winds* in small and large versions, *Autumn Mist*, and *Summer Breeze*. The unique *Woodstock Capiz Chimes* produce a gentle tinkling sound as the wind blows, keeping with the mission of Woodstock Chimes to provide products that both look and sound beautiful.

About Woodstock Chimes:

Founded by music pioneers Garry and Diane Kvistad more than 25 years ago, Woodstock Chimes is a leading manufacturer of precision-tuned windchimes. Today, the company markets more than 100 different products in its Encore® and Signature Collections™, many of which are tuned to particular musical scales. Woodstock's home and garden offerings include hand-tuned chimes, bells, gongs, and fountains, as well as the popular DCUK designs. The Woodstock Environments® line features holistic products for the mind and body. An additional collection of musical gifts, the Woodstock Music Collection®, is a unique assortment of instruments from around the world that can be played and enjoyed without extensive training or practice.
