WOODSTOCK PERCUSSION RINGS IN WINTER '06 MARKET SEASON WITH NEWEST BELL, CHIME DESIGNS

SHOKAN, NY (OCTOBER 15, 2005) – From the kitchen to the garden, the Woodstock Percussion design team has created a record number of new designs that promise to bring wonderfully soft sounds and tones into today's home environment. A leader in the manufacturer of precision-tuned wind chimes and premium musical gift and garden accessories, Woodstock Percussion will introduce its newest designs January 10-18, 2006 during the winter 2006 Gift and Home Markets in Atlanta, Dallas, New York, Chicago and other key areas.

“Our success,” says Woodstock Percussion CEO and Co-Founder Garry Kvistad, “has always been grounded in a single principle—*people want to surround themselves with beautiful sound*. Our newest introductions promise to bring delightful tones and appealing design statements to virtually any area of the home, both indoors and out.”

New designs from Woodstock Percussion for winter 2006 include:

Fridge Chimes™ (style FN01) – Three polished silver rods, tuned to A, D and G, sound softly as the refrigerator door opens and closes. Available in a range of colors, including Berry Blue, Natural, and Avocado Green, this clever design measures 5” L x 1.5”W. Featuring 4 magnets on the back to ensure steady placement on the moving door, the Fridge Chime’s painted base is made of pine wood. Suggested retail - \$4.99.

Woodstock Bells & Birds™ (style WBB) -- Verdigris butterflies and hummingbirds flutter among tinkling brass bells as each catch the soft breeze. A delightful design for any sun porch or garden, this piece, made from cast aluminum, brass, steel and resin, measures 13.5” in length. Suggested retail - \$39.99.

Heroic Windbell™ - small (style HWS) - Available in small and large design options, this delightful windbell design offers a rich, resonant sound. A verdigris powder coat finish on the windcatcher and bell provides the ideal complement to the curved wood top with black wash. Measuring 29”L x 2.75”D, this bell design has a suggested retail of \$34.99.

Woodstock Bamboo Forest Chime™ (style BFC) -- Widely regarded for its resonating quality, bamboo creates truly lovely tones. Featuring six ¾” laminated bamboo dowels, this new chime design offers soft, soothing tones that will bring a sense of tranquility to any porch or garden. Available in Black/Cherry or Natural finish options, the Forest Chime measures 19” in length and has a suggested retail of \$15.99.

Mission Bells™ - Small (style MBBS) --Inspired by the designs of 20th century American artisans, the newest Mission Bell design from Woodstock brings four copper-plated steel bells together with a black wood top and wind catcher for dramatic effect. At 21” in length, the Mission Bell suggested retail price is \$24.99.

Baby Ben Chime™ (style BBS) – Small in size, but grand in its musical inspiration, the four silver anodized tubes of this delicate design echo the familiar notes of London’s acclaimed Big Ben – Eb, Ab, Bb and C. Made from aluminum and cherry wood, the Baby Ben Chime is 47.5” in length. Suggested retail -- \$34.99.

Woodstock Temple Bells ® --Quintet, Copper (style TB5C) –Inspired by ancient Chinese bell designs, the newest addition to Woodstock’s Temple Bell series features five copper plated steel bells that ring in varying tones for a gentle sound that encourages relaxation and introspection. This design measures 32” in length and has a suggested retail of \$29.99

Founded by music pioneers Garry and Diane Kvistad, Woodstock markets more than 100 different products in its Signature™, Encore® Collections. In addition to its Environments line of garden accessories featuring the popular Dcuks designs, Woodstock’s other home and garden offerings include hand-tuned chimes, bells, gongs and musical fountains. The company’s Woodstock Music Collection® is a unique assortment of instruments from around the world that can be played and enjoyed without extensive training or practice.
